Product: _____

Job Name: _____

**We highly recommend viewing the actual slab to be used in your application. If you are electing to waive your viewing, please read and understand this form and sign below.*

All quartz and stone has unique characteristics and will vary from samples. The samples are small select cuts from a slab; they do not exhibit all the characteristics of a design and therefore are not fully representative of what will be installed. We do not guarantee nor are we responsible for any differences in shading, veining, movement, or color tone found between samples and slabs. Product will not be replaced due to these variations.

Variations in the color, pattern, shape, and shade are inherent and unique characteristics to be expected with natural stone. Granite, marble, Soapstone, and quartz may have natural pitting and fissures that can be seen and unseen. The samples serve only to indicate in a general way the colors, markings, and textures that are usually found in that granite or quartz and can and may vary from lot to lot.

Please be advised that by waiving your right to view, you are authorizing the stone fabricator to use their discretion in selecting the material used for your countertops. No claims will be accepted once fabrication has started for reasons of color, pattern, veining, or other characteristics. **Transfer of ownership occurs once slabs are cut and no returns due to variations, color, markings, texture, etc. will be allowed.**

I am electing not to view the stone for my countertops and I understand that I am waiving my rights of selection and claims as noted above.
